Treatment - Mike

There were about 10 Reps that showed up for the Zoom meeting tonight, where we discussed how to address the future treatment schedule. The voice of the group was to go ahead and duplicate the current schedule for May and June, should we be allowed to resume Carrying the message, than meet in May to bid for the July and August Commitments. Please review the updated schedule that I have attached and let me know if any of you will have any issues. We also discussed my reaching out to the facilities to see if it would be possible to hold Zoom meeting with the patients, not sure how that will go so I will update you when I know more.

I will be sending out a draft of a Standard treatment meeting format for your review and approval, likely next week, this way we will have this in place when we resume our commitments. If you have any comments or concerns please let me know, so they can be brought to the group and addressed promptly. Thank you all for your patience and tolerance during a time such as this.
